

TOGETHER WE CAN MAKE A DIFFERENCE

The **St. Lawrence County Partners 4 Substance Use Prevention** is a group of community members – just like you – who envision a healthy, safe, and informed neighborhood free of drug addiction and misuse.

We work together on a monthly basis to share information, educate the community at large, improve access to and availability of addiction treatment, promote health and wellness, and embrace recovery.

**PARTNERS 4 SUBSTANCE
USE PREVENTION**

Our Goals:

1. End the culture of stigma associated with addiction
2. Connect community partners to resources, events, and each other
3. Collect and manage data essential for decision making and planning
4. Educate health care providers, community partners and residents of St. Lawrence County
5. Link those in need to services and resources
6. Support recovery efforts
