

What to expect at the upcoming rabies clinics...

The CDC and NYSDOH recommend mask wearing and social distancing to help stop the spread of COVID-19. Please follow these recommendations to keep our community safe.

How to navigate the upcoming town rabies clinics:

- When you pull into the parking lot you will be directed to park in a designated spot or move up in line. Please follow instructions from volunteers.
- **Remain in your car.** Please do not get out of your car for the safety of you and your pet.
- Please put your mask on once you have parked your car.
- A volunteer will approach your car to verify your name, your pet's name and appointment time.
- Your pet will need to be on a leash or in a pet carrier.
- Once you have been registered the volunteer will instruct you on what the next steps are for getting your pet vaccinated.

Once you have left the clinic and have returned home, it is recommended that you sanitize your leashes and/or carrier.

Thank you for keeping your pet protected against rabies.
